Sound technician: RYAN
ryan@rocknrollclub.it

INFOS for artists:

All the following must be confirmed by the technician, but generally timetable will be

in case of 1 band playing:

| | |
|------------------|-------|
| LOAD IN: | 19:00 |
| SOUND CHECK: | 19:15 |
| DINNER: | 20:15 |
| SHOW: | 22:45 |
| DJ SET/SHOW END: | 00:00 |
| LOAD OUT: | 00:45 |

in case of more band playing:

| | |
|--------------|-------|
| LOAD IN: | 18:30 |
| SOUND CHECK: | 18:45 |

in case of 5 or more bands playing:

we will generally perform sound check for the headliners and for the opener only, line cheks before the shows for those in the middle.

In this case ALL the artists must be at the venue at 18.30.

Whenever the artist would be late, the club can't guarantee a regular soundcheck.

Whenever the artist is not bringing all the personals, the club can't guarantee a regular execution of the show.

An area with direct access to the stage is reserved to artists and club staff only. It has no water, no toilet and no mirrors. Just power socket and a dim light. Guests are not admitted. The club and the staff is not responsable for missing stuff or gears left in this area.

Artists must bring all the personals.

INCLUDING

bass heads (if not using club's combo), guitar heads or combo, jack cables, all other cables needed, throne, all the cymbals, pedal, drumsticks, snare.

Addictional toms provided by the artists may have no mic due to lack of channels. We always suggest to contact our sound technician at least one week before your show.
